Il est très agréable de constater l'augmentation des pays participants à cette 40e Biennale Numérique Jeunes FIAP pendant la longue situation de pandémie de Covid-19 à travers le monde.

Je voudrais profiter de l'occasion pour remercier l'organisateur BFF/FBP Belgium Federation of Photographers, je dois également exprimer ma gratitude aux participants employés en charge des pays participants et à leurs jeunes pour leurs performances photographiques exceptionnelles, leurs idées et leur créativité et féliciter les lauréats

Je ne peux qu'attribuer les meilleures notes au jury et à l'équipe organisatrice, la préparation, l'accompagnement et le programme chronologique ont été sensationnels.

Kurt Batschinski, HONEFIAP

Directeur du Service Jeunesse FIAP

Our Belgian Federation of Photographers (BFF/FBP), throughout its history, has organized 7 FIAP Biennials for adults and only 1 FIAP Biennial for young people, so it was high time to organize another FIAP Biennial for young people. This 40th FIAP Youth Biennial was originally to have been held in Austria, but unfortunately Austria had to cancel this arrangement due to the Covid Pandemic. The Biennial was consequently relocated to Belgium where the BFF/FBP brought the 40th FIAP Youth Biennial to a successful conclusion after a postponement of one year, despite very difficult times and the constant adaptation of the organization to the applicable rules.

But all's well that ends well. No less than 21 countries from all over the world participated in two categories (category I up to 16 years and category II up to 21 years). The work presented was of high to very high quality considering the young age.

Our photographic friends from Oman were too strong for the other countries and won the World Cup in both categories. Congratulations to the participants from Oman. As for the individual prizes, there were award recipients from different countries and here too a big thumbs up to the winners.

I would like to thank all the participating countries and participants for their registrations and we hope to meet more of the young participants in the future in our competitions under the patronage of FIAP.

Finally, I would like to thank the members of the jury for their work during the selection process in

Notre Fédération Belge des Photographes (FBP) a organisé 7 Biennales FIAP pour adultes et seulement 1 Biennale FIAP pour les jeunes dans son histoire, il était donc grand temps d'organiser une autre Biennale FIAP pour les jeunes. Cette 40e Biennale de la Jeunesse FIAP était la conséquence de la pandémie de Covid, car elle initialement prévue en Autriche. Mais malheureusement l'Autriche a dû annuler cette organisation et la FBP a organisé avec succès la 40e Biennale de la Jeunesse FIAP avec un an de retard, malgré des temps très difficiles et l' adaptation en contenu de l'organisation aux règles applicables.

Mais tout est bien qui finit bien. Pas moins de 21 pays du monde entier ont participé dans deux catégories (la catégorie I jusqu'à 16 ans et la catégorie II jusqu'à 21 ans). Le travail présenté était de haute à très haute qualité si l'on tient compte du jeune âge.

Nos amis photophraphes d'Oman étaient trop forts pour les autres pays et ont remporté la Coupe du Monde dans les deux catégories, félicitations aux participants d'Oman. Quant aux prix individuels, il y avait des participants de différents pays et ici aussi un grand bravo aux lauréats.

Je souhaite également remercier tous les pays participants et les participants pour leurs inscriptions et nous espérons rencontrer davantage les jeunes participants à l'avenir dans nos compétitions sous le patronage de la FIAP.

Enfin, je tiens à remercier les membres du jury pour leur travail lors de la sélection réalisée en Belgique ainsi que les membres du bureau de la Fédération Belge pour leur engagement et leur soutien.
